

FARMAN ULLAH

CIVIL ENGINEER

Dir Upper Kpk Pakistn | [+923479203718](tel:+923479203718) | engrfarmanullah4@gmail.com | [LinkedIn](#) | [Portfolio](#)

SUMMARY

Civil Engineer working on structural design and project management. Skilled in ETABS, AutoCAD, SAP2000, and Primavera P6 for structural analysis, design, and project scheduling. Strong ability in construction planning, site coordination, and delivering projects efficiently within time and budget.

PROFESSIONAL EXPERIENCE

Self-Employed	Aug 2025 - Present
- Working on Automation of RC Buildings using ETABS API with Python - Performing structural analysis and design using ETABS and SAP2000 - Applying project planning and management using Primavera P6	
Survey Camp, UET Mardan Pakistan (Kalam Field Camp)	Jul 2025 - Aug 2025
- Conducted field surveying using leveling instruments - Performed road surveying and alignment setting - Carried out contouring and topographic mapping - Used surveying software for area calculation and data processing - Executed traversing and leveling operations	
Site Engineer, Global Consultants Peshawar, Pakistan	Jun 2025 - Jul 2025
- Supervised construction activities on-site - Ensured quality control and compliance with drawings and standards - Managed material usage and site coordination - Monitored daily progress and reported to senior engineers	
Internee, CGGC Mohmand Dam Hydropower Project — Pakistan	Jun 2024 - Aug 2024
- Participated in construction activities at Mohmand Dam Hydropower Project - Assisted in site supervision and quality control - Observed dam construction, concrete works, and safety procedures	

KEY PROJECTS

- Final Year Project: Automation of RC Building Design using ETABS API and Python
- Commercial Plaza Planning & Management using Primavera P6
- Environmental Impact Assessment (EIA) of Highway Extension Project
- Survey Camp Project (Road Survey, Alignment, Contouring – Kalam Field Work, UET Mardan)

EDUCATION

Bachelor of Science in Civil Engineering

Aug 2022 - Jul 2026

University of Engineering and Technology (UET), Mardan — Pakistan

- Final Year Project (Thesis): Automation of RC Building Design using ETABS API and Python
- Grade/GPA: 3.62/4.0

F.Sc Pre-Engineering

Sep 2020 - Jun 2022

Government Post Graduate College, Mardan — Pakistan

- Percentage: 82

TECHNICAL SOFTWARE SKILLS

- ETABS SAP2000 (Structural Analysis & Design)
- Python (ETABS API Automation)
- AutoCAD (2D Drafting)
- Primavera P6 (Project Scheduling)
- GIS (Geographic Information System)
- MS Excel (Data Analysis, Calculations, Reporting)
- MS Word (Documentation, Reports)

AWARDS & CERTIFICATIONS

- Laptop Award (Prime Minister Youth Program)
- Dean's Award (Academic Achievement)
- NFTP Certificate
- Seminar Participation Certificate – GIK Institute
- Surveying Field Camp Certificate – UET Mardan
- ETABS Training
- AutoCAD Certificate
- Merit Scholarship – Awarded for 4 consecutive years based on academic performance (UET Mardan)

LANGUAGES

- English – Professional Working Proficiency
- Urdu – Native / Fluent
- Pashto – Native
